Sizes (in cm)

table top: 150x80, 120x120, 150x150,  
220x80, 260x80

height: 75 — gauge: ≈3

150 120

150 220 260 AD HOC

### Materials

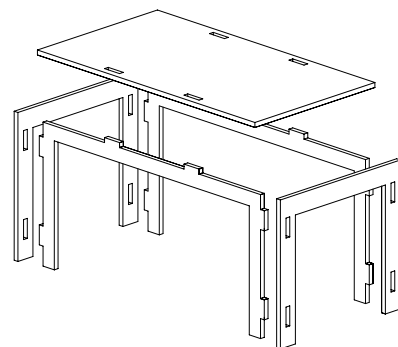

Solid  
oak wood

Multi-layered  
Finnish  
birch wood

White Carrara  
marble

These tables are made of oak or multi-layered Finnish birch wood.

The table parts are linked by a joining system of wood to wood that allows for simple intuitive assembly without the use of hardware items to enhance the characteristics of the materials employed and to create a minimal look.

The tables can be made entirely of wood or of wood with a white Carrara marble top, which is available as a square or as a rectangle in different sizes, and which can also be made-to-measure.
